National Education Association. The Iowa delegation to the Oakland-San Francisco National Education Association of 1923 sent a letter of appreciation to President Seerley, expressing regret that he was not present this year at the annual deliberations. Lewis H. Minkel, Iowa Director, writing from Oakland, said: "Your absence was noted with regret by many others outside of Iowa." Business reasons and the long distance made it of doubtful wisdom to make the trip this year. It was not illness nor lack of interest that changed the general policy of many years.

Iowa Beta Chapter of the Theta Alpha Phi, a national honor Dramatic Fraternity, held its initiation ceremonial on August 11, 1923, by conferring its honors upon eight new members who had met the full requirements of this Society. On August 8, this Fraternity gave its first production, "Dulcy," a three-act comedy. Every member of the cast was an experienced actor. The entertainment was prepared under the direction of Miss Bertha Martin, Professor of Dramatic Art, and three faculty members, Hazel Strayer, Helen Knapp and Charlotte Bockenthien.

The Woman's Life Saving Corps, functioning as the First Aid Division of the Cedar Falls Chapter of the Red Cross, has adopted a constitution and elected the following officers for the year 1923-24: President, Monica R. Dr. A. E. Winship, Editor of the Journal of Education, Boston, Massachusetts, made his customary annual visit during the Summer Term, and gave two original and thoughtful addresses to appreciative audiences. He is the oldest educational lecturer that is in service, and is always heard with pleasure and with profit.

Campus 3160, Centerville 251, Creston 364, Missouri Valley 217, Muscatine 212, Storm Lake 363. The enrollment of the Extension Summer Schools was diminished as compared with 1922 by the impossibility to announce these schools until the Fortieth General Assembly made appropriations for this Summer work.

Rachel M. Newkirk, Junior College Diploma, August 1921, completed her two years additional work as a critic teacher on August 23, 1923, and received the Department Certificate of Training in Teaching as a Special Critic

Teacher. Her home is now in Sioux Falls, South Dakota, where she will teach next year in order to be at home with her parents.

Roy N. Collins received his diploma as Piano-forte graduate August 23, 1923. He gave the formal Recital required as evidence of attainments and qualifications in Gilchrist Hall August 22. He presented selections from Beethoven, Rachmaninof, Dubois, Palmgren, Wagner-Liszt, Schubert-Liszt and Liszt. He proved his fitness to be honored with the diploma of the institution in a highly creditable way. He has been a special pupil of Prof. Elizabeth Platner and Prof. Ernest Zechiel.

Harding Memorial. Professor Warren L. Wallace, a member of the Social Science Department, gave the memorial address on President Harding at the regular assembly period on August 10 in the auditorium. During their stay in Cedar Falls they were dinner guests at the home of Prof. and Mrs. John Ross Frampton. Prof. Frampton was a pupil of Dr. Andrews at Oberlin.

Clara Geuder, Mezzo Soprano, special pupil of Prof. W. E. Hays in Voice, received her certificate August 23, 1923. She was presented in Recital on May 23, in the College Auditorium. She was a special pupil of Prof. John Ross Frampton, who presented her in formal recital at Gilchrist Hall on August 16. She gave selections from Couperin, Schumann, Paderewsky, Chopin, Mana Zucca, Barron, Beecher and Grieg. Her demonstration proved her qualifications and training as of the best standard, endorsing her as a special music teacher.

The Kappa Delta Pi, National Honor Fraternity in Teachers Colleges of the United States in recognition of scholarship and distinguished studentship, was formally completed in organization on August 11, 1923. The Chapter at Cedar Falls is known by the title "Psy Chapter" and begins with twenty-three active members. This organized honor society is to Teachers Colleges what Phi Beta Kappa is to Liberal Arts Colleges, requiring the same standards and the same qualifications for membership.

Frank Birch of Cedar Falls, one of the best known foot-ball referee officials in the United States, held a school of two days the last week of the Summer Term, in which the conferences consisted

of a discussion of the rules of 1923 as adopted by the foot-ball authorities, and of the famous plays and the special prospects of this year's foot-ball season. Many coaches of Iowa in addition to the coaches in attendance upon the coach training classes were also present by invitation of the Head of the Men's Athletic Department, Professor L. L. Mendenhall.

Le Claire Bells and Robert Pierce, both students at the Teachers College, expert players in the College Band and members of the Cedar Falls Band, were awarded scholarship by the Cedar Falls Band to study music in Chicago for three weeks on their respective instruments. Mrs. Annie M. Potter, of Washington, D. C., former matron of the College Hospital, visited friends in August at Cedar Falls and looked after furniture and other household effects stored here when she left the College.

The Iowa State Fair. Professor F. E. Fuller and Secretary Benjamin Boardman had charge of the Teachers College exhibit at this year's State Fair at Des Moines, and with their families motored to the Capitol and looked after the distribution of information for the State Board of Education. Both of them are promoters of the first rank and the exhibit they prepared was a good advertisement of the work of the Institution.

The University of Chicago Club of Black Hawk County held a Reunion at Washington Park, Cedar Falls, on July 26, 1923. Forty-three were present. Alison Aitchison, Professor of Natural Science at the College, was elected Secretary and Treasurer. Louis Begeman, Harriet L. Sweet, student of the Teachers College in 1886-1887, graduate of Cornell College, Iowa, for eight years a Congressman from the Third Iowa District and an attorney at law at Waverly, Iowa, has announced himself as a candidate for United States Senator in the next year Republican primaries. His services on World War Soldier Legislation will bring a recognitiv vote from the ex-service men. He is opposing the renomination of H. A. Smith W. Brookhart, present senator.

Alumni or former students of the Iowa State Teachers College who received degrees at the State University of Iowa this last summer, Lewis Dale Henderson, (J. C. 1914) Certificate of Education; Pearl H. Middlebrook, (J. C. 1920) Bachelor of Science in School Supervision; Claudius Keefe Hayes, (B. Di. 1909) M. A.; Ira Francis Heald, (B. A. 1916) M. A.; Mary Louisa Phares, (B. A. 1921) M. A.; Theron Woolson Walker B. A.; Robert R. Jones M. A.; and Louisa A. Van Dyke M. A.

The Library Staff has lost two if its members for the present year. Miss Mary S. Buffum, 1921-23, has accepted the head librarian's place at the State Normal School at Valley City, North Dakota. Miss Hazel Evans for two years in the circulation department has resigned her work and will decide what she will do later in some other field.

are affiliated teachers of the Rural Education department for this year.

Extension Division. County Superintendent, Agnes Samuelson, Clarinda, Iowa, one of the notably successful rural school experts in Iowa will be a professor of extension as a rural school specialist beginning November 1, 1923.

Men at the College. A great change has appeared in the student body at Teachers College. Never before has there been such a fine body of young men who have entered upon study to become teachers. The development of the courses in coaching, in manual arts and in practical agriculture suited to public school work has had the effect of giving men a real place in educational preparation not before granted anybody.

Campus Extension. The State Board of Education has enlarged the Campus by purchase of thirty acres of land exactly adjoining and west of the present site of the College. This will provide for the dormitory extension that is already planned and some of it ordered. This became necessary because of the space needed for play grounds for the physical education work now required by the State of teachers in the public schools and for athletic fields necessary to train coaches for high school work. This action cares for the Teachers College in a very fine way and gives it an opportunity to keep ahead of the Teachers College procession.

President Seerley is to appear on the program of the State Teachers Association at Ft. Worth, Texas, Thanksgiving Day. He goes there to speak on "The Training of Teachers for a Commonwealth" and will also give much attention to the interests of Teachers Colleges as Texas has a great need for a large number of such colleges and are thus grouped into a department meeting. He will also attend the inauguration exercises of Pres. R. L. Marquis, the new president of the North Texas State Teachers College at Denton and will give the main address on that occasion, the day before Thanksgiving.

Four O'clock Sunday Service. For many years the Y. M. and Y. W. C. A. have had a joint Sunday religious service at about 6:15 P. M. This year the hour selected will be 4:00 P. M. making the plan a regular Vesper Service. Miss (Grace Aitchison) B. A. 1913, I. S. T. C., General Secretary of the Y. W. C. A. and the officers of both the Y. Associations have agreed on this time as a more suitable hour for the students and will not interfere with their attending the city churches in the evening should they desire to take advantage of such privilege.

The Auditorium Conservatory. This special educational institution is in Chicago and is managed and directed by President Karl Buren Stein, M. Di. 1904, I. S. T. C.; Doctor of Music 1914, Cornell College; and Mrs. Enola Pearl Pierce-Stein, Professor of Elocution 1897-1905, I. S. T. C., dean of the dramatic department of the Conservatory. Mr. Stein says in the September Musical America that "the chief obstacle to the

success of student singers is that they do not learn acting along with their singing. Even if a student intends to go only upon the concert stage a knowledge and experience of the opera stage is very valuable because it gives the singer poise and assurance and leads to a graceful appearance that can not be acquired without it."

Weekly Assembly. On account of the extraordinary enrollment in the Fall Term the students are assembling as follows at 10:00 A. M. each school day. Mondays and Wednesdays, Freshmen and First Years. Tuesdays and Thursdays, all students that wish to come—the program being an open forum type of entertainment. Fridays, all students above Freshmen and First Years. Mondays, Wednesdays and Fridays are business sessions as well as devotional sessions. Tuesdays and Thursdays are for entertainment and demonstration.

Student Welfare at the Teachers College. The Faculty created a Committee with the above title. It takes the place of the former sponsor organization elected from the Faculty annually by the several classes in that all requests of the Student Council are submitted to this Committee before coming before the Faculty. This Committee will conduct Assembly for Freshmen and all First Year students, Mondays and Wednesdays and will plan to give these new students much information in regard to college management and college study that will be better than to let them find it out by experience.

Sunday School Workers. Cedar Falls Sunday School Workers are to have a training school for teachers with a three year course of study. The following members of the Faculty are identified with it. Professor John W. Charles, Director, Professor J. B. Paul, Professor E. O. Finkenbinder, Professor E. C. Denney, all members of the Department of Education at the College.

M. E. Student, Pastor. There are 925 Methodist students at the Teachers College this Fall Term. For the past three years a deaconess, Miss Ruby Craig, has assisted Dr. Eugene Allen, pastor of the city church, in keeping in touch with students of Methodist homes. This year the Wesley Foundation will have a college pastor and his wife to take charge of the students giving their entire time to the work, cooperating with the First Methodist Church of Cedar Falls.

George Wyth, President of the Viking Pump Company, Cedar Falls, Iowa, extends the annual congratulations of that progressive corporation to the students of Teachers College by sending a check of One Hundred Dollars to the Student Loan Fund to be used for assisting worthy and promising but needy students of the advanced classes to complete their courses without delay and thereby secure remunerative employment so as to repay the loan and let some other one equally deserving, have the same consideration. In this way, such a loan will be a perpetual revolving fund and bless many students by giving temporary help when most needed.

Minnesingers and Troubadours. During the summer term, these Mens Glee Clubs under the direction of Professor W. E. Hayes had regular rehearsals. At the close of the term, they gave a concert that more than filled the Auditorium with a most appreciative audience of summer term students. These Clubs are reorganized for the new year, there being a very complimentary number in the senior or advanced class, the Minnesingers. Everything promises fine for this college year. Mr. Hayes is a highly appreciated director and plans better things than ever for Mens Club work.

The Berkeley Fire. At this writing, Sept. 21, 1923, the information regarding the great fire in Berkeley, California, is supposed to have resulted in destroying homes and property rather than life. The Teachers College has had in the past a great delegation of people in that city of fine homes. It could hardly be possible but some of them are involved, Mrs. Herbert L. Jones (Sarah S. Scott, 1890); C. G. Ames, 1907; Josephine L. Creelman, 1897; A. D. King and wife, 1903; Mrs. A. Wesley Mell, 1897; Willard W.
